## Wetaskiwin's Gas Wells Are O. K.

Well Number Two Now Completed. Big Pressure Returns in First Well. Third Well To Be Sunk At Once. Oil Found.

A special meeting of the council was held on Monday last to consider gas well matters. The gas committee reported that the number two well was at a depth of 147 feet, and the log showed that the drill was then working in shale rock, having passed through the gas sands. In the discussion ensuing it was the unanimous opinion of the aldermen that the work should be stopped, the well capped, and the gas piped to the pore house as soon as possible. A resolution was adopted to this effect.

The consideration of the location of number three well then took place and, acting on the advice given by the aldermen decided to locate the well on the city's property on Lorne street west, adjacent to the water tower. The International Supply

### WETASKIWIN EXHIBIT FOR CALGARY

We are glad to say that the farmers of this community have heartily endorsed the suggestion that the Wetaskiwin district send a display of products to the International Dry Farming Congress to be held in Calgary from October 5 to 9. Many of the farmers have promised to bring the best they can procure in their respective districts, and if this is done, and the display is attractively arranged, we feel confident that those who have taken the trouble will be amply repaid for their efforts. As the exhibit must be set up in Calgary by Monday, October 5, it is essential that all exhibits be at Kelley & Company's office not later than Thursday of next week, October 1st.

It now remains with the farmers to be loyal to the district and assist in bringing in the best that can be produced. This will require effort on the part of the individual, and when it is labelled the competitor will be given due credit for the exhibit. The time to get busy is now, as there is no time to be lost.

The prizes offered for the display of roots and vegetables are: 1st \$50; 2nd \$10; 3rd \$10; 4th \$5; 5th \$25; 6th \$15; 7th \$10, with a diploma to be given with each prize. In addition to the district displays handsome prizes are offered for individual classes, and it is thought that the Wetaskiwin district farmers will be able to capture some of the money in this competition.

For display of grain, shown in the shed, \$100 is offered as 1st prize; 2nd prize, \$50; 3rd prize, \$25; 4th \$15; 5th \$10; 6th \$5.

For Grasses the prize are: 1st \$50; 2nd \$25; 3rd \$15; 4th \$10; 5th \$5.

For the best two bushels of hard spring wheat, \$100 is given as 1st prize; and a similar sum is offered for white oats and six rows of barley.

The matter now rests with the farmers to bring this district into the prominence it should have this year, with the banner crop being garnered. Get busy.

### CIVIC HOLIDAY

Thursday next, October 1, has been proclaimed a Civic Holiday for Wetaskiwin, and the Worshipful Mayor Ellis, requests all loyal citizens to be governed accordingly.

As The Times will be printed on Wednesday afternoon, changes of advt. must be in the office not later than Monday.

### MAN COMMITS SUICIDE.

The citizens of Wetaskiwin were surprised on Monday morning last to learn that a man had been found in the brush at the western outskirts of the city with life extinct. The remains were discovered about noon on Sunday by Matthew Ward, who was wandering through the shrubbery. The man was found lying on his back, with his head under a small willow shrub, and then around his neck, and had apparently endeavored to strangle himself with a rope.

The investigation. They found that to a lie down, as the head was only about three inches from the ground. Dr. R. D. Robertson, coroner, was then informed, and after examining

the surroundings, and making some inquiries, decided that an inquest was unnecessary, as undoubtedly it was a case of self destruction, and that the deed had been committed several days before the remains were found. The remains were then taken to the Wetaskiwin Undertaking Co.'s rooms.

The deceased in company with two companions arrived in the city about two weeks ago from Fort George, where he had been employed all summer on railway construction. This information was gleaned from the papers in his possession, which were interpreted into the English language by J. P. Johnson. The man has been drinking heavily. On Saturday one of the companions reported to the police that Charles Nelson, who proved to be the unfortunate victim, had been missing since September 13, and he expressed fear for his safety. Nelson was about forty-seven years of age, and is described as being a good five feet nine inches in height, with dark brown hair and heavy brown moustache. He is a native of British Columbia, and had been interested in the Wetaskiwin cemetery.

Mrs. Grant, who has been spending the summer with friends in different places in B.C., returned to the city on Tuesday morning, and is now remaining with her daughter, Mrs. R. D. Robertson. Her sister, Mrs. Andrew Glen, accompanied her, and will visit in the city for a few weeks.

## Canadian Patriotic Society Organized

Representative Meeting Addressed By Hon. Frank Oliver, Mr. A. F. Ewing, M. P. P., and Mr. A. S. Rosen-roll. Ladies Organize Wednesday Afternoon.

### Town Topics

A well-attended and enthusiastic meeting of citizens was held in Angus Hall on Tuesday evening, for the purpose of organizing a branch of the Canadian Patriotic Fund. The speakers were Hon. Frank Oliver M.P., Mr. A. F. Ewing, M.P.P., and Mr. A. S. Rosen-roll. In addition to the speakers, the clergy of the city occupied chairs on the platform.

Mayor Ellis, who acted as chairman, briefly outlined the object of the meeting, and the great need of every citizen doing his or her part in this great war. He then called upon Mr. Oliver, who referred to the present as being a unique war. Never before had so many men been engaged in a battle, and never was so much at stake. We used to say that war was on land and sea. We must now say war is not only on land and sea, but it is in the air. We see the sea as well. Not only does it affect all Europe but the entire commercial world as well, and especially the colonies. This was the message of British allegiance our very existence. The destruction of the British army means the destruction of our system of government, of which we are so proud. The fight in Belgium and France is a fight against military despotism and an attempt to control the world. The subjugation of Belgium and France would be only preliminary to the subjugation of Britain. Every gun fired in France by the allies is in defence of Canada. All honor to those who have left family, relatives and friends, business and property and have gone to assist Britain in the gigantic struggle for her very existence. But it is just as important as going to the front to see that those who have been dependent upon our brave boys are not left in need—that they should receive charity, but that they should receive their right. It is our privilege and duty to provide for them.

At the conclusion of Mr. Oliver's address, Mrs. A. F. Ewing, M.P.P., addressed "Rule Britannia" in excellent voice, which received the heartiest applause.

Mr. Rosen-roll, who was then called upon, referred briefly to the duty of each one of us in doing our share in defending the flag under which we are so prosperous.

Mr. A. F. Ewing, M.P.P., then explained the manner in which the Canadian Patriotic Fund was raised and dispersed. There were two methods of handling the fund, namely, locally and nationally. It is pointed out that the duty is to see that there is no waste in the fund, but that it is not fair, as the community sending the greatest number of men to the front are not getting the most out of it. They have the greatest number to look after. When the fund is conducted along national lines, the people of Canada are given the opportunity of doing a share in the maintenance of the fund, and it is the duty of every citizen to do his or her part.

Chief of police James resumed his duties the first of the week after being ill for a few days.

Miss Timlick, of the telephone exchange, is spending a two weeks' vacation with friends at the coast.

Mrs. Gibbs arrived from the coast a few days ago to renew acquaintances, and look after business matters.

Mr. and Mrs. Kettle of Ontario were in the city this week, guests at the home of Mr. and Mrs. M. O. Nelson.

Miss Berge has moved her dressing room from the north side of Peace street to Room eleven, in the Commonwealth block.

E. Pearl made a business trip to the southern part of the province this week. He was also a visitor at the Capital last week.

Miss Lottie Martin, of Toronto arrived in the city a few days ago to visit her sisters, Mrs. R. W. Swan and Mrs. E. C. Switzer.

E. Finkle, C.P.R. agent, is spending a couple of weeks' vacation, and is being relieved of his duties by T. C. Buckingham, relieving agent.

Mrs. George Taylor, of Lethbridge, who was visiting at the home of Mrs. F. E. Kelley last week, left for home on Monday morning.

The family of R. W. Swanson expect to leave shortly for Calgary, to join Mr. Swanson, who has a permanent position in that city.

J. W. McEwen, of Vancouver, arrived in the city last week to visit at the home of Mr. and Mrs. Chas. H. Boyer, and renew other acquaintances.

unity of doing a share in the maintenance of the fund, and it is the duty of every citizen to do his or her part.

The organization consists of an executive and two committees, finance and relief. Every member of the militia gets \$20 cash every month, which is paid to the dependents. The assistance given by the Canadian Patriotic Fund will be in the way of provisions rather than in cash. Mr. Ewing concluded his interesting remark by referring to the democracy of the British Empire and what it meant to us.

The organization to look after the Canadian Patriotic Fund in the Wetaskiwin district then took place with the following officers:

Pres.—Mayor Ellis.  
Vice Pres.—J. F. Fowler.  
Sec.—E. Roberts.  
Treas.—H. I. Millar.  
Chairman financing committee—O. E. Compton.

The singing of the National Anthem, the reading of the constitution, and the election of the committee, which will be ten members each to the executive.

The singing of the National Anthem, the reading of the constitution, and the election of the committee, which will be ten members each to the executive.

About forty ladies met in the Angus Theatre on Wednesday afternoon of this week to consider the organization of a society to aid in the work of relieving those suffering directly, or indirectly from the present war. Mayor Ellis opened the meeting with a few appropriate words, after which the following officers were elected:

Pres.—Mrs. H. I. Millar.  
Vice Pres.—Mrs. C. A. Ouelin.  
Sec.—Miss M. B. Moore.  
Head of Finance Committee—Mrs. H. I. Millar.  
Head of Relief Committee—Mrs. H. I. Montgomery.

It was decided to hold a second general meeting on Wednesday, Sept. 30th, at 4.30 p.m. in the Angus Theatre, if possible, at which would be presented for approval a name for the society, and a constitution.

Rev. C. E. A. Pocock then spoke briefly, and after the singing of "God Save the King" the meeting adjourned.

It is hoped that not only those who were present, but that all the other ladies of the city will come to the meeting to be held Wednesday Sept. 30, at 4.30.

A meeting of the executive will be held Friday, Sept. 25, at 4.30 p.m. at the home of Mrs. C. A. Ouelin.

## War News Summary

German Submarines Sink Three British Cruisers. Big Battle Still in Progress and Undecided, Although Allies Claim They Are Making Slight Advances.

Sept. 18.—While no direct reports from the front in northern France, it is apparent from the meagre official statements issued that the allied forces, British and French, are using their line up for battle, with the opinion of military observers may last for several days.

The Germans occupy favorable country and are well entrenched. The allies, as well as the Germans, are receiving reinforcements and both the British and French are using their utmost endeavors to improve the advantage which they gained during the retirement of the Germans to the hills north of Rheims.

The official announcement issued at Paris recently announced that there has been no change in the situation. Field Marshal Earl Kitchener has again urged the necessity of developing the offensive, and carrying on bringing the mighty conflict to a successful conclusion.

Sept. 19.—That there was a lull, notwithstanding the fighting between the allies and the Germans in France was the most important statement issued last night by the official bureau of either of the contending nations.

The British war office issued another casualty list giving the names of twelve officers killed and of thirty-four wounded. Among the latter is Colonel H. C. Lowther, of the Scots Greys, formerly secretary to the Duke of Connaught, and well known throughout Canada.

A Rome despatch to a London paper says that eight German army corps have left France and Belgium for the eastern battlefields.

Great Britain has received no proposal of peace from Germany or Austria according to a message received late tonight by Sir Cecil Spring-Rice, British ambassador at Washington.

Mr. Sir Robert Grey, British secretary of state, has received this information it was stated at the White House that President Wilson had virtually abandoned the idea of trying further the informal peace movement recently begun, and had decided to await a definite statement regarding the fighting between some one of the belligerents, as he felt it would be inconsistent with American neutrality to press any of the belligerents to make overtures to the others.

Sept. 21.—Reports differ as to the progress of the great battle in North France between the allied British and French armies and the Germans. Some indicate that there is extreme heavy fighting, while others tell of the great masses of troops lying in flooded trenches, many of them at the point of exhaustion.

At some points to the east, some of the battles have been fought with the tide flowing in one direction then to the other. The allies have won a position here, and the Germans have abandoned it. But all reports, official or otherwise, agree that there is much fighting to be done before any material advantage can be claimed by either side.

The British in the trenches say: "We are slowly beating them back." Interesting information has been given out by the British admiralty regarding British successes and misfortunes in various waters.

It is the fight against the destruction of the cathedral, the French government has decided to send through diplomatic channels, a protest to all the powers.

Italy, according to reports from Rome, has now more than half a million men under arms.

An official statement from Petrograd says that the Russians are bombarding the strong Austrian fortress of Przemyel. It also reports the repulse of the Austrians with heavy losses in Galicia.

Sept. 22.—The nature of the struggle between the Germans and the allied forces on the battle front in France, which stretches from Noyon in the west to Verdun in the east, from the French war office, which says that the engagements have been less violent.

From this, it would seem as if

both sides had reached the conclusion that the gaining of a few yards of ground hardly warranted the losses entailed and that preparations are on the way for a strong offensive movement to recover the strategic point. The casualty list shows that 797 British officers are among the killed, wounded and missing, a very high percentage of the total losses. Among these are 32 colonels and lieutenant-colonels, 85 majors and 146 captains. The Colstream Guards have lost 31 of their officers, the highest on the list.

The German emperor has taken up his headquarters at Luxembourg, according to advices from Paris. A Vladivostok dispatch says that Japanese aeroplanes have destroyed with bombs two of the important forts at Tsing Tau, in the German protectorate of Kiau Chau.

President Wilson, it is reported from Washington, while announcing that he is "prayerfully working for peace in Europe," will take no further steps for the present regarding mediation in the European struggle.

Sept. 23.—Fighting on land has been going on for the moment as a new factor to the daring raid in the North Sea by five German submarine boats which have torpedoed and sunk three British armored cruisers—the Aboukir, the Cressy and the Hogue—and

## WAR NEWS SUMMARY.

(Continued from Page One)

turn lost two of their number under  
the fire of the British guns.

Along the battle line in France re-  
ports indicate that while the fighting  
is still progressing, no great gains  
have been made by either side and  
that the critical period when  
side or the other is to be returned  
victor is still to come.

The Bulgarians are reported to have  
taken the fortified town of Carolus  
on the Danube, and a Rome dis-  
patch credits the Montenegrins and  
Serbians with having captured from  
the Austrians Sarajevo, capital of  
Bosnia.

In Africa, the British have re-  
pulsed the Germans in an attack in the  
eastern territory, the Germans re-  
treating with losses. General Louis  
Roche, the famous French general and  
now premier of South Africa, has  
taken over supreme command of the  
British operations against German  
southwest Africa.

Lord Kitchener, the British war  
minister, has approved the propo-  
sition for the formation of a Welsh  
army corps.

The Hamburg-American line steam-  
er Spawald, armed as an auxiliary  
cruiser, and two German colliers, have  
been captured by the British cruiser  
Hervick in the North Atlantic  
ocean.

It is reported that a vessel of  
12,000 tons has been sunk by an mine  
in the North Sea.

Sept. 24.—Again the status of the  
warfare in France remains unchanged  
according to the official report of the  
French war office. The fighting has  
developed into a war of attrition with  
the allies in the role of attackers in  
against the strenuously entrenched po-  
sitions of the Germans, which are for-  
tified with large and small artillery  
pieces, and hedges about with barb  
wire entanglements. The French re-  
port that in these circumstances pro-  
gress of necessity must be slow.

A press dispatch says the Germans  
have retaken Lohvina from the Aus-  
trians and that in the fighting the  
losses were heavy.

A news agency dispatch is authori-  
tary for the statement that the Ger-  
mans have entrenched and mined ap-  
proaches to Brussels.

China has replied to Germany's  
protest of the Chinese's violation of ac-  
cruity by permitting Japanese troops  
to land in China, saying she was un-  
able to defend her neutrality.

The latest estimate of the casualties  
in Tuesday's North Sea disaster  
gives 1,667 of the 2,200 officers and  
men on board the three war ships  
as lost.

British aeroplanes have invaded  
Germany and dropped bombs on a  
Zeppelin airship hangar at Dussel-  
dorf. The Germans claim that no  
damage was done by the aerial at-  
tack.

According to a dispatch received  
from Paris, a Russian cruiser has  
sunk a German cruiser and two Ger-  
man torpedo boats in the Baltic sea.

Come what may, the world can  
never be the same again after this  
war as it was before it. We are  
passing through the hour of darkness  
and horror which precedes the dawn  
of the ampler day for the com-  
mon people. It is through much tribu-  
lation that the common people of all  
lands are about to enter "into their  
kingdom." What is occurring now  
is not so much a European war as  
a European revolution and not so  
much even a revolution as a re-  
birth.—Toronto Star.

## Town Topics

A proclamation was issued on Fri-  
day, September 11, convening the  
Legislative Assembly of the Province  
of Alberta on Wednesday, Octo-  
ber 7.

Mrs. Swanson, who has been spend-  
ing some time in Calgary with her  
daughter, Mrs. Kinnaird, arrived in  
the city on Tuesday evening to visit  
friends.

The many friends of Mr. John Cum-  
mings regret to learn that he is se-  
riously at his home on Rosevelt  
street, and that little hope is enter-  
tained for his recovery.

Mrs. F. Spencer, of Edmonton  
South, has been in the city for some  
time visiting at the home of Mr.  
and Mrs. F. P. Spencer. Mr. Spencer  
came down in his car Monday.

A rummage sale will be held by  
the Ladies' Auxiliary of Immanuel  
church on Saturday, October 3, on  
Cec. L. Owen's vacant lot, corner  
Railway street east and Pearce  
street.

The annual field day in connection  
with the public schools in the city  
will be held Friday and Saturday. Owing  
to the financial conditions, it has  
been decided that no prizes will be  
offered, apart from the shields.

Mrs. A. R. Dickson, who has been  
spending about six weeks with rela-  
tives and friends at Vancouver, ar-  
rived home on Friday last. She was  
accompanied by her sister, Miss Mar-  
tin, who will visit here for some  
time.

E. W. Forster last week threshed  
barley that turned out a record yield  
going 78 bushels to the acre.

The barley was sown on May 22 and cut  
on August 21 when it was fully ripe.  
It was seeded just one sack to the  
acre.—Representative.

If a town does not reach after the  
trade it will only come as fast as it  
has to and it will grow as it is forced  
to. But if the merchants go after  
business in the surrounding coun-  
try, advertising in every possible way  
and making road every word of their  
advertising, trade will come from an  
ever increasing radius, the town will  
gain a reputation for being awake  
and it will forgo to the front.

Representatives of the British gov-  
ernment were in the city on Monday,  
purchasing remount horses for use by  
the British army. A large number of  
animals were brought in, but as the  
buyers were very particular, on-  
ly two were purchased.

The animals were brought in, but as  
the buyers were very particular, on-  
ly two were purchased. The average  
price paid was about \$140.

The High Chief Ranger of the Cana-  
dian Order of Foresters has issued  
a circular stating that "it has been  
decided that the high court should  
take care of the insurance and sick  
and funeral benefit assessments of all  
members admitted prior to August  
1, 1914, who have enlisted for active  
service, or who may be reservists,  
and responded to the call to the col-  
ors in the armies or navies of Britain  
or her allies."

On Monday, F. Tilleben, of near  
Millet, brought into the city one of  
the fruits of nature, which is very  
interesting to the naturalist. It is in  
the form of a turnip, which, when  
pulled, had six separate and distinct  
tops. The vegetable is large and a  
well formed but has the appearance  
of one large turnip with five smaller  
ones outgrowing from the top, one of  
which forms the centre. It is of the  
Strapleaf variety. Anyone interested  
may see the curiosity at The Times  
office.

Those who are interested in the oil  
prospects in the Wetaskiwin district  
will be glad to know that a nice  
showing of crude oil was discovered  
in gas well number two when the  
drillers were at a depth of 1450 feet.

There were also strong indications  
of oil in well number one at the same  
depth. Many of the citizens  
would like to see the well sunk  
to possibly three thousand feet, as  
it is felt, with the showing of oil in  
both the gas wells, that a large flow  
of oil would be found with the deep-  
ing of the well.

Now that the government and  
boards of trade are desirous of plac-  
ing more land under cultivation, it  
has been suggested that an opportu-  
nity should be given those who home-  
steaded prior to 1905 to file on land in  
many instances the old timers are  
well-to-do, and with the horses and  
machinery at their command, would  
be in a position to bring under cul-  
tivation large areas of land next  
year, whereas, the new comer is in-  
variably handicapped for the want  
of stock and equipment. We think  
this suggestion worthy the serious  
consideration of the government.

The Edmonton Journal says "Wet-  
askiwin has had the good fortune  
to strike another big flow of gas.  
The municipality carried on the work  
of drilling in the face of many initial  
discouragements, but has already  
had the satisfaction of being able to  
effect large civic economies through  
the supply obtained from the first  
well." With the second well now ar-  
rived it is expected that gas will be  
available for private use. Ed-  
monton naturally has very consid-  
erable interest in the success that so  
near a neighbor—Wetaskiwin—being  
only forty miles distant—has obtain-  
ed.

## THE PRICE OF WHEAT

The material rise in the price of  
wheat, which has already taken place  
is doubtless partly due to specula-  
tion on the effect of the war. But  
those who are bidding up prices claim  
to rely on a shortage of the world's  
supply this year of nearly a hundred  
and fifty million bushels. While the  
United States has 160,000,000 bushels  
more than last year, a shortage of  
150,000,000 is ascribed to Russia,  
70,000 to Canada, and 25,000,000 to  
Austria-Hungary. A rise in the price  
of wheat means, of course, a rise in  
the price of all other grains, and also  
a rise in the price of meat, if that  
has not already gone to the point  
where consumption falls.—Sun.

Medicine Hat, Sept. 18.—As a re-  
sult of the visit of George Lane, Dr.  
Rutherford and A. E. Cross of Cal-  
gary, members of the executive of  
the Western Stock Growers' associa-  
tion, with representatives of the Medi-  
cine Hat Stock Growers' association  
an amalgamation of the two organ-  
izations may probably be consummated  
under the name of the western  
association, which is incorporated,  
while the Medicine Hat association  
is not. Medicine Hat men stipulate  
that as they are the larger organiza-  
tion they have control, which was  
agreed to by the western men.

Stettler, Sept. 16.—The Stettler Ce-  
ment Factory, Limited, manufacturers  
of the Van Lee and Panama Slates  
cigars, on Monday opened their new  
brick and concrete factory with 50  
people working. The factory has a  
capacity of 150 people and is fitted  
with all modern appliances for prop-  
erty handling tobacco.

The British government plans to  
spend twenty million dollars on  
building during the war, if necessary  
in order to furnish work for those  
not at the front. More than eight  
thousand employees of the post-  
office department have gone to the  
war.

UNRESERVED  
AUCTION  
SALE

Of 47 Head of Cattle

The undersigned Auctioneer has re-  
ceived instructions to sell by Public

## No Chance for a Kick

When you buy your Lumber and Building Materials here. Look-  
ing backward over the past you may recall instances of disap-  
satisfaction with the quality of the Lumber and Building Material  
which you bought.

If this is so, it should certainly interest you to know that we  
have a stock from which you can get the kind of material that  
suits you, at prices no greater, and often less, than you will  
have to pay for unsatisfactory stuff at other places.

When we sell you Lumber or Building Material, we expect you  
to come again. This being the case, why shouldn't we do all  
we can to please you in quality, price and treatment?

The fact that buyers almost invariably come back after once  
buying here is strong evidence that we give them "no chance  
to kick."

## CONFIDENCE HAS BEEN RESTORED BY L. F. CLARRY'S ACT

That the order, made by the master-in-chambers, Mr. Clarry, last week, that no action would be permitted on mortgage foreclosures unless the defendants endeavored to evade foreclosure by showing delinquency in mortgage payment, will act in this province in the courts in the place of a moratorium, and will be practically considered the same as a moratorium until the war is over, was the information given to the News-Telegram Monday. R. B. Bennett, K.C., M.P., states that in the east, in Ontario, and other provinces, it is not likely that a moratorium will be declared, and as in Alberta, the matter of foreclosure will be left to the discretion of the judges. The judges of Alberta are not favorable to giving judgments, granting foreclosures, and do not intend to do so. The lawyers, without exception, state that they are fully in accord with the order in chambers preventing action on mortgage foreclosures, and as a result hundreds of honest debtors to whom the future looked black, on account of financial stringency, are now happier.—News Telegram.

## Suffered with Palpitation of the Heart and Nervous Trouble

Mrs. John Denison, Cornermber, Ont., writes:—"I cannot praise Milburn's Heart and Nerve Pills too much. For years I suffered with palpitation of the heart and nervous trouble, so that I could not lie down to sleep. I tried almost all other medicines, and got no relief, until I was advised by a friend, who had been benefited by your pills, to try them. I did so, and after taking four boxes I found I was almost cured, and I am going to continue taking them, for I never got anything to do me so much good. I would advise any one troubled with their heart or nerves to do the same as I am doing."

Milburn's Heart and Nerve Pills are 50 cents a box, or 3 boxes for \$1.25; at all dealers or mailed direct on receipt of price by

FOR SALE BY H. L. HIGGS.

## DISTRICT COURT.

AT, DAYSLAND.

The regular September sittings of the District Court were held here on Wednesday, Judge Lees presiding. There were three cases tried. One was for debt in which Wm. Mohler of Strome, sued Ausbacher Bros. for an alleged unpaid account. As the defendants answered the judge set all of the account, with the exception of a small balance, had been paid judgment was given for \$5.60, but costs were given for the defendants. P. E. Graham for the plaintiff and R. W. Manley as agent for 3rd vice court & Miller, for the defendants.

The second case arose out of an alleged breach of warranty of a monument set up for Geo. Bowie, of Ferry Point, by R. W. Greenman, of Ponoka. The breach of warranty was proven and Mr. Bowie got judgment for \$25 damages and costs. P. E. Graham appeared for Bowie and Mr. Russell, of Odell & Russell for Greenman. The most interesting case was the third, in which H. F. Wendt, and Mrs. Mohler, of Strome, for damages in the amount of \$485, for failure on her part to supply seed oats required by Wendt to carry out the terms of her farm. Mr. Wendt set up that he prepared the land for seed, but that owing to the default of the owner of the land in not supplying seed, he lost the crop on seventy-two acres of land. Mrs. Mohler counter-claimed for the same amount, on the ground that Wendt had not prepared the land for seed at the proper time. Judgment was reserved. R. W. Manley appeared for Mrs. Mohler and P. E. Graham for the plaintiff.

As there were no cases to be tried at Sedgewick or Hardisty, the Judge and the court stenographer, Mr. Cutler, returned to Wetaskiwin on Thursday morning.—Press.

## FINGER WETTING IS

UNSANITARY

A bad habit is thumb or finger wetting when you reach for a sheet of paper or turn a leaf in a book. We are passing through the germ-war, and while the scare people have ruled that we do all sorts of funny stunts with our displays, we are not yet ordered to wear medicated and doubly bacteria protected gloves, but beware of finger-wetting, for you do not know what scheme a health enthusiast may evolve to stop it. Anyway, it isn't a nice thing to do.

## FUR MARKET IS

VERY UNCERTAIN

"What will be the price of raw furs during the coming season and what effect will the European war have upon prices of raw furs in Canada, is a question of vital interest to every trapper and fur dealer at the present time," said Mr. John Hallam, the Toronto fur dealer.

"The fur trade is in a situation this season that is different from anything that the world has ever known. London, England, and Leipzig, Germany, have been the greatest fur centres of the world, and when we consider that these countries are at war, and also that Russia who is with a great producer, purchaser and user of furs is also involved in the conflict, as well as France, the fashion centre of the world, it produces a situation heretofore unknown in the civilized world. Taking the European war in connection with the world-wide financial disturbance, there is no precedent by which a business man can accurately judge of the results.

"In 1912 America exported furs of the value of over \$22,000,000. When you stop to realize that the European market for a large quantity of these furs has been closed, and that this vast sum represents only about 45 per cent of the value of all the furs caught in the United States and Canada during that year, that furs of the value of several million dollars are stored in London and Leipzig today, these facts taken in connection with the unsettled financial conditions throughout the world, will give you a faint idea of the fur situation.

"On the other hand during nine months there was imported into Canada raw and manufactured furs to the value of \$1,392,856, and there was imported into the United States raw and dressed furs of the value of \$1,700,569, and during the succeeding three months we can safely say that there was an additional \$1,500,000 worth of raw and dressed furs imported into the United States.

"About 3 per cent of certain kinds of furs caught in America have been yearly exported to Europe, so that we may look for a rather heavy decrease in prices. However, it is not merely a question of having the European market cut off during the coming season, for even if peace is declared within the next few months the countries would be impoverished financially, all trade channels be disorganized, and it would require several years before trade with the countries who are now at war would assume normal proportions. In the mean time large quantities of furs would be trapped throughout the United States and Canada and large stocks would undoubtedly be accumulated in the hands of the dealers, making it a great problem for them to find a market where they will be able to dispose of their furs and obtain their money.

## MUNICIPALITIES

CONVENTION TO

MEET IN BASSANO

Camrose, Sept. 16.—Largely on account of the promises made last year Bassano was chosen by the Union of Alberta Municipalities to session here yesterday and today, as the location for the convention of the union in 1915. Many of those in attendance tried hard to secure other towns for the convention, Alderman Frost, of Calgary, making a particularly strong plea for his city.

Mayor Hardie of Lethbridge was elected president for the ensuing year without opposition, and N. Holm, of Claresholm, D. Twomey, of Camrose; A. P. Frost, of Calgary; G. R. Bond, of Bassano, W. C. Seed of Vermilion, Wm. Short of Edmonton, and N. A. Kilburn of Provost, were elected executive committee.

Interesting papers on the financial side of municipal work were given by J. J. Galloway of Edmonton, general manager of agencies of the Merchants Bank of Alberta; G. J. Kinaird of Edmonton, and ex-Mayor Short, also of Edmonton. In the discussion which followed much valuable information to the delegates was brought out and a number of vexing questions cleared up.

## CANADIAN WHEAT

BOUGHT BY SWISS

Ottawa, Sept. 18.—It is said that an agent of the government of Switzerland would soon be in Canada to purchase supplies for the army of Switzerland, which has been mobilized. Switzerland wishes to obtain large quantities of wheat and oats for which the government of the little republic in the Alps is prepared to pay good prices. The Swiss in Switzerland are familiar with Canadian wheat and wheat products, but hitherto their purchases have been made in the Liverpool market. Switzerland took 1,000,000 bushels of Canadian wheat last year, but this year are prepared to take many times that amount.

A city should not only be a place of residence, but an inspiration to its inhabitants and a worthy object of civic pride.

## THE STAR STORE

Ready-To-Wear, House Furnishings, Millinery, Dressmaking (2nd Floor)

Ready-To-Wear department is on Second Floor and you can find a complete range of Fall and Winter Coats—all the newest and most-up-to-date styles shown for this season, also the Coat with cape.

### NEW C.P.R. SHIP

SAILS IN OCTOBER

When the twin-screw steamer Misamis, launched in June from the yards of Messrs. Barclay, Curie & Co., Ltd., of Whitehead, sails October 7th from Liverpool for Montreal, the Canadian Pacific Railway Company will have added to its fleet of steamers one that is the latest word in ocean vessels from the standpoint of comfort and convenience for passengers, and strength of stability for navigation and appliances for cargo. The new vessel is 320 feet long, 64 feet broad and 41 feet deep. It has a gross tonnage of 13,000 tons, a displacement of 18,000 tons and a cargo capacity of 400,000 cubic feet. Below the level of the main deck the space is fitted for general cargo, and three of the lower decks are fitted up for the carriage of refrigerated merchandise. From the main deck upwards through no less than six separate decks the entire space is devoted to passengers. There is room for 320 cabin passengers berthed in large, airy rooms and for 1200 third-class passengers all in large rooms. Counting in the crew of 300 the vessel will therefore be fitted to carry 2,020, or as much as the population of a small town.

Although a one-cabin boat every effort has been made to make its appointments second to none, and the dining room, smoking room, card room, drawing room, lounge, cafe, gymnasium and other features of the most modern vessels are furnished and decorated in accordance with the plans of the best British architects and furnishers. The decoration is of the Georgian period. The hospitable, and the culinary departments are commodious and admirably designed for the work intended for each. The decks are expected to provide one of the chief features of the vessel, the promenade, recreation and other decks being designed so as to provide shelter, amusement, exercise or rest according to the caprice of the passenger. The boat-deck is entirely set aside for the working and storage of boats, thirty-two boats, including a motor life-boat being carried. The launching arrangements, embodying as they do devices to meet anticipated and anticipated until disasters of recent years are as complete as human ingenuity can provide. Chief among these is a mechanical contrivance which allows the boats to be launched through the vessel might have a considerable list. Patent davits are fitted which in conjunction with a tramway render it possible to launch the life-boats from either side of the ship. There are no collapsible lifeboats on board, all being rigid, open life-boats, and ample sufficient for crew and passengers.

The launching arrangements, embodying as they do devices to meet anticipated and anticipated until disasters of recent years are as complete as human ingenuity can provide. Chief among these is a mechanical contrivance which allows the boats to be launched through the vessel might have a considerable list. Patent davits are fitted which in conjunction with a tramway render it possible to launch the life-boats from either side of the ship. There are no collapsible lifeboats on board, all being rigid, open life-boats, and ample sufficient for crew and passengers.

There is a new departure as well in the system of providing heat and fresh air for every part of the vessel.

The electric lighting system provides for 1200 lights, and the power supply operates fans, elevators, harber's equipment, printing, submarine signalling and galley outfit. All watertight bulkheads doors are electrically operated and can be closed simultaneously from the bridge. The vessel is fitted with the new well-known cruiser stern, which builders claim gives increased capacity, speed and deck area. It is so divided by watertight decks and bulkheads that she is capable of floating in a seaway with any three compartments open to the sea. There are twin sets of quadruple expansion engines and the steam is supplied by eight single-ended boilers at a working pressure of 215 pounds which will give a sea speed of 16 knots an hour on service. The Misamis will arrive in Montreal on October 14 or 15 and sail again for Liverpool on October 22.

### JOB WANTED

For some weeks past Miss Sell and Goss have not been pulling very well together and as there is not likely to be any improvement in our relations in the near future I shall probably be out of a job before the end of the year. Any country desiring a Heaven appointed and God anointed ruler will do well to give me a chance to see what I can do. I warrant to pauperize the people and demoralize the government quicker and more effectively than any other man on earth.

If, however, the British Lion gets his paw on me I may get free trip to St. Helena, which may be my address should that event happen.

Although the whirligig of fortune seems to be "agin me" still I have just as much gal, as ever I had, and I still believe that I am fit.

All I want is an opportunity to continue as an Emperor and so secure the world a little longer. Kind gentlemen, give me a job.  
(Sgd.) HOLY WILLIE E.  
(Der Kaiser)

"If there is any man, naturalized or otherwise, in Canada today, who is unwilling to do his share of the work of personal sacrifice in connection with the war in which this country is now engaged, the sooner he gets out of the country the better," said J. S. Dennis at a patriotic meeting recently held in Calgary.

### NO PEACE UNTIL KAISER

IS DECISIVELY WHIPPED

London, Sept. 19.—The German semi-official peace suggestions have been received here with absolute negativé. We don't believe in their sincerity and if even sincere they are impossible. Britain feels that a gigantic plot against the world and all we hold dear has been revealed. It became apparent prematurely, and despite the remorselessness of barbarity, unequalled in modern times, it has failed and its perpetrators realize their essential failure.

Things can never again be the same. Britain will not make peace until the power of German militarism is broken and the criminals who have destroyed the homes of our Belgian and French allies have been fully punished, civilization placed on a basis of safety, and the world is insured against a repetition of such atrocities.

The British people are content to continue the war for six years, if necessary, and six years after that they realize the heavy cost of even a uniformly victorious war and are prepared to pay for it.

"The possibilities of the campaign count to our own doors only after our resolutions, and strong our purpose. The greater the danger the more need to end it. We are united, single minded, single willed and are going to win. This is not alone my individual view, but the view of every man here. There is no shakening, no hesitating, no shrinking. Any statesman whispering peace would be hunted out of the country, but no statesman would dream of proposing it."

We are going to demand lasting peace when it comes. Two quotations today reveal the national resolution. Lord Bessborough, following Premier Asquith last night at Edinburgh said: "This is a war which must be fought to the bitter end. It is a war for supremacy, supremacy of liberty of all we hold sacred; and as conducted, of the Christian against barbarous paganism. That being so we cannot afford to lose. All we have in the world is at stake; the empire, the country, our honor, our place in history, and in the nations of the world, placed as we are, we can neither elude nor come to any patched up truce. This devilish thing we are fighting must come to an end forever."

The Times this morning says "Germany having thrown her honor and the empire now intimates her readiness to call the war a draw. There can be no draw war where the freedom of the world is at stake, no compromise between the civilized right and conscious might; once it has been raised there can be no counting of profit and loss, when the highest possessions of humanity are in peril. There can be true in this final struggle against the forces of medieval barbarism until he who wields them shall cry not hold, enough! but peace."

### WESTERN CANADA ON SOLID BASIS

To quote a Winnipeg wholesale grocer: "Basic conditions were never better in the western country than they are this year." Instead of a condition of pessimism verging on panic, there was every ground for confidence. This was especially the case in the northern part of the country, where the produced the larger part of the (two hundred and twenty million) bushels of crop, and therefore made the share of the people in that part of the country proportionately greater. Fully 30,000,000 acres of land is under cultivation in the prairie provinces, which this year produced a crop of 220,000,000 bushels of grain. The wholesale merchant referred to agrees very considerably with the foregoing.

"Valuing this at 60 cents a bushel, it was worth at least \$180,000,000. The value of live stock, dairy products and root crops of the year last must be \$200,000,000 or \$200,000,000 of new wealth created during the season. Assuming that there are 2,000,000 people in the three prairie provinces, that would be \$100 each or \$500 per family of five, of new money that did not exist a year ago."

"With such an enormous amount of newly-created wealth and the banks full of money, there was no reason for the restriction of banking credit in regard to ordinary business purposes, of which there was no much complaint. The people had a right to expect the banks to deal with them as favorably as the representatives of the people had dealt with the banks, when they absolutely protected them against a run by the depositors."—Commercial.

Approximately 30 wells, situated in various parts of Alberta, have now been "spudded in," and the next few weeks will probably see a half dozen more companies commencing drilling operations. A California well drilling company, has, according to reliable reports, signed contracts for the drilling of at least eleven wells on a royalty basis. This company agrees to sink a well 3,000 feet. If necessary free of cost to the leaseholder, and in return for the lease the holder is to get from one-eighth to one-tenth of the oil.—Wetaskiwin.

### Kidneys Wrong?

If they are you are in danger. When through weakness or disease the kidneys fail to filter the impurities from the blood, troubles come on. Backache, Rheumatism, Sciatica, Gravel, Diabetes, Gout, Stomach and Bowel Disorders are some of the results of neglected kidneys. Dr. Morse's Indian Root Pills contain a most effective diuretic which strengthens and stimulates the kidneys to do their proper work thoroughly and well. Try

### Dr. Morse's Indian Root Pills

"TILL THEY COME HOME AGAIN"

Honor the brave lads, all, Who, at the Empire's call— Ready to fight and fall, If it must be, Boys that we love and know, At the call of duty—go, And who turn to meet the foe— Beyond the sea.

Cheer them! Brave hearts of men! Again—and yet again, Lest they pass from out our ken— And not return. What though the grieving heart, Cries to them as they part, Come! Give them a joyous start, Though we must yearn.

Ah! How the sure drums beat, Answer the tramp of feet, As down the city's street The squadrons come. Sons of the Golden West, Canada's pride and best, Aye—that will stand the test Of German gun.

Thrilling from o'er the sea, The call to arms rings free, And from our west country, Our brave lads go; Weep not till they are gone, 'Tis for Land and King and roan, And, ah! the coming home, That they will know.

### 19TH ALTA. DRAGONS

WILL GO TO FRONT  
WITH FIRST FORCE

Valcartier Camp, Que., Sept. 19.—Only 200 cavalry are slated to go with the first Canadian expeditionary force. These are supplied wholly by the 19th Alberta Dragons, under Col. Jamieson, whose lines are among the most efficient in camp. The second in command is Major Griesbach, of Edmonton, and the other officers are Lieuts. N. F. Watson, J. W. Tipton, K. W. Edmonson, D. N. Harris, E. M. Dawson and W. G. Stedman. There are many western cowmen among them, and their mascot is a husky dog.

Every horse came from Alberta, and so keen was the competition to join that three lieutenants, Tenney, Taylor and Franklin, are serving in the ranks. The men of the force will be armed only with swords and the Colt automatic .45.3 revolver. There is some report current that this body may be recruited to the strength of a regiment, but this is not likely.

Alfney Sokoloff and Joe Omith, two of the murderers of John Wilson the paymaster of Exshaw, will be the first to go. This definite information was received by Sheriff Graham Friday night from the department of justice. Max Mendik, who was implicated in the crime, has been given life imprisonment on the strength of the jury's plea for mercy.

### Thought She Would Lose Her Little Girl

From Severe Attacks of Summer Complaint

Mrs. Wm. Hirst, 194 Palmerston Avenue, Toronto, Ont., writes us under date of January 23rd, 1914.

"Dear Sirs:—Last summer I had grave anxiety for my little girl, who was just one year old in July last. She had constant and severe attacks of summer complaint, and it seemed to me that she was so long despite the many remedies I tried. My neighbors told me she had grown so weak that I should try Dr. Fowler's Extract of Wild Strawberry. I sent a little girl to our drug store and bought a bottle, and after having given the baby one dose I noticed a remarkable change, and after giving her three or four doses she was well again, and began to walk. There she had not been able to do prior to her attack. She is now a fine healthy child, and I owe her life to that kindly advice of an old friend. I would advise all mothers to give 'Dr. Fowler's' a prominent place in their medicine chest."

Yours truly,

(Sgd.) Mrs. Wm. Hirst.

When you ask for Dr. Fowler's Extract of Wild Strawberry see that you get the genuine. It has been on the market for nearly seventy years. Don't accept a substitute. The price of the original is 35 cents, and is manufactured only by Dr. J. C. Milburn Co., Limited, Toronto, Ont. FOR SALE BY H. L. HIGGS

A Grand Gold Medal Contest and  
a Musical Program.

# SUPREME COURT DOCKET

The following cases will come up  
for trial before Mr. Justice Ives at  
the Sittings of the Supreme Court  
for the trial of criminal cases to be  
held at Wetaskiwin, commencing on  
the 29th inst., namely:

Rex vs. Slaughter—Obtaining goods  
by false pretences.

Rex vs. Roy Williams, (6 different  
cases)—Cattle stealing in the dis-  
trict of Bashaw.

Rex vs. Carson—Attempted rape in  
the district of Wainwright.

Rex vs. Wando—Theft of money in the  
district of Camrose.

Rex vs. Foden—Shop breaking at  
Hardisty.

Rex vs. M. Szarans—Assaulting in  
keeping estray cattle, Hardisty dis-  
trict.

Rex vs. V. Starnes—Keeping estray  
cattle and putting false mark on said  
cattle.

in the district of Lethbridge.

Rex vs. Scarce—House breaking in the  
Camrose district.

In addition, a motion will be made  
at the instance of F. Mathias to  
quash conviction of Magistrate.

# COMING SURE

Richards & Pringle's Famous Geor-  
gia Minstrels, which come to the An-  
gus Theatre on Wednesday, October  
7, promise the best show that they  
have ever brought here, and that is  
promising much for the well known  
company has been coming here for  
years and has never disappointed.  
They have always brought a show,  
absolutely clean and meritorious.

This season they bring a large  
company, headed by Clarence Powell,  
Tom White, Benjie Sparrow, Whit-  
ney Viney, Arthur Wright, Dave  
Smith and eight other well-known  
comedians.

The vaudeville portion of the pro-  
gram has received unusual attention,  
and will be a surprise. Fred Simp-  
son has charge of the band, consist-  
ing of twenty-five musicians, and  
they will be heard upon the prin-  
cipal streets at noon.

# CIVIC HOLIDAY

Don't forget October 1st is our City Civic Holiday,  
Don't forget October 1st is the first day for chicken  
and patridge,  
Don't forget the limit is 10 birds in one day,  
Don't forget to get your shells from us so you can get  
the limit.

We are again selling Marswell Oak Heaters, the strongest,  
heaviest and best Oak Heater sold. Both feed and ash doors  
have nickel plated lever locks. The trimmings are easily re-  
moved to polish. We have them in four sizes:

13 inch, weight 95 pounds, price \$10.00  
15 inch, weight 125 pounds, price 12.50  
17 inch, weight 150 pounds, price 15.00  
19 inch, weight 160 pounds, price 18.00

Compare these weights and prices with any and you will buy  
from us.

We also have the light weight and cheaper Oak Heaters  
from \$7.50 to \$13.50.

# FREE WAR MAPS

Every Reader of The Times may  
have a War Map Free

A Map Three and a third feet by two and a half feet, showing  
clearly every boundary, every city, every town, village, hamlet  
and river in the whole European War area. Each map in a neat  
folder of convenient size.

The Family Herald and Weekly Star of Montreal has secured  
exclusive rights for the War Map prepared by the celebrated map  
firm of G. W. Bacon & Co. Ltd of London, England. It is beyond  
question the most comprehensive map printed.

The Times has completed arrangements by which our readers can  
secure a copy of this excellent map free of charge.

Here Is Our Offer Good for 30  
Days Only

The price of the Family Herald and Weekly Star, Canada's  
Greatest Newspaper, is one dollar a year.

The price of The Times is one dollar a year.

We now offer both papers for one year each, including a copy  
of the Family Herald's War Map, size 20 x 40 inches, in a neat fol-  
der of convenient size for only \$1.55.

This offer applies to all subscribers, new or renewal, who pay  
for the two papers inside next 30 days from this date.

To follow the war situation intelligently the Family Herald  
War Map is necessary. It should be in every Canadian home.

ORDER AT ONCE.
